

# Reusable Face Mask

**Disclaimer:** Please note that this mask is designed for general purpose use and is not intended to be a substitute for professional medical products, advice or for the care that patients receive from healthcare professionals. Frequent hand washing with soap, social distancing and proper use of a medical grade mask are the best way to prevent virus infection. Plan International accepts no liability for any damage or loss suffered as a result of the use or application of this mask.

## HOW TO USE:

You still need to wash your hands with soap and maintain social distancing while wearing the mask.

**1**  
Identify top and outside of mask.  
Ensure colourful material faces outside of mask (away from mouth)

**2**  
Place elastic straps behind each ear

**3**  
Press down on the nose wire to eliminate air gaps between nose and mask

**4**  
Make sure the masks fits around your mouth and nose comfortably, and there are no air gaps between the mask and your face

# IMPORTANT PRECAUTIONS

## How to **USE** the facemask

- 1 Thoroughly wash and dry the face mask before wearing it
- 2 Wash your hands well with soap before touching the face mask
- 3 If using a disposable filter, insert new, clean filter into the pocket
- 4 As soon as the face mask becomes damp or humid, remove it and change to a fresh one
- 5 Never reuse a face mask without washing it
- 6 Never reverse the face mask for re-use
- 7 Never share a face mask with anyone. Every family member should have their own face mask

CLEAN  
and DRY

20  
seconds

INSERT NEW  
CLEAN FILTER

## How to **REMOVE** and **WASH** the facemask

- 1 Do not touch the front or any other surface of the face mask. Remove by holding the elastic straps
- 2 After removal take out the disposable filter in the mask pocket and put in the rubbish or burn it
- 3 Drop the face mask into a soap solution or boiling water
- 4 Immediately wash your hands with soap for at least 20 seconds
- 5 After washing, dry the face mask in direct sunlight
- 6 Once completely dry, store the facemask in clean, sealed plastic bag for next use

WASH  
with SOAP or  
BOILING WATER

20  
seconds
